A MESSAGE FROM THE DEAN

The College of Agricultural Sciences is preparing our students to tackle some of the world’s toughest challenges, including food security and resource stewardship.

Scholarships support students in stepping beyond educational norms, to understand that there are no limits to imagination and to lead us all to the world’s next agricultural breakthroughs.

With your contributions to student success, you have helped bring others to the table by providing the needed access to higher education and attracting outstanding students to Colorado State University.

JAMES PRITCHETT

Dean, College of Agricultural Sciences;
Director, Agricultural Experiment Station
